 Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
 1. A dashed boundary symbol indicates that the place is also a false MCD;
 2. In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts. These maps show very small areas located near the coast maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
 3. A * following a block number indicates that the block number is repeated elsewhere in the block.
